**Behavior Log**

*Daily Owner Observations*

Use this form to record observations of your cat's eating patterns and behavior. Provide the completed log to your veterinarian. If your adult cat refuses food for more than 24 hours — or 12 hours for kittens less than 6 weeks old — see your veterinarian immediately.

**Cat’s Name:** __________________________________________  **Age:** _____  **Cat’s Owner:** ______________________________________

**Example**  
**Date**  
**Dry Food**  
**Offered, #**  
**Eaten, %**
